Specialization:

I specialize in addressing addiction, grief and loss, mood disorders, personality disorders, and anxiety disorders. I enjoy working with teenagers and adults in individual, group, and family formats.

Personal:

I became a therapist because I believe in the power of healing relationships. Therapy has had a lasting impact on my personal life and has motivated me to make it my life's work. My interest in private practice stemmed from my desire to assist clients in achieving longer term goals than is possible within inpatient psychiatric facilities. My background working in hospitals and community mental health has prepared me to deal effectively with crises and has instilled in me the belief that no matter how difficult a problem may seem, there is always the potential for growth and healing.

Licenses & Certifications:

Licensed Clinical Social Worker (LCSW)
Licensed Chemical Dependency Counselor (LCDC)

Summary of Experience:

I have seven years' experience working in the mental health field. I began work in this field at a community mental health center providing individual and group services to adults with chronic mental health conditions including schizophrenia, bipolar disorder, posttraumatic stress disorder, personality disorders, addiction, anxiety and depression. I have provided individual and group therapy to clients with a variety of substance abuse and mental health concerns at Austin State Hospital, Austin's Independent School District, Austin Lakes Hospital, San Marcos Treatment Center and South Austin Counseling Services. I currently work in a private practice setting.
